## PFORZHEIM

### The story of our house

Our Lehners Wirtshaus is located on historical ground. On the ground there was the official cellar of the castle of Pforzheim which was built in 1699.

Until 1910 the building was used as the seat of the tax authority and was popularly called “Einnehmeri”. During the second World War the building as well as most of the city of Pforzheim were damaged by air raids. This led to the demolition of the ruin in 1960.

An influential citizen of Pforzheim rebuilt the “Einnehmeri” in 2003 based on the historical model and gave it as a gift to the city of Pforzheim. During the reconstruction, parts of the ring wall which stood here in the 11th century were integrated and can be found in the stairwell of the Lehners Wirtshaus.

## OUR SPECIALITY

(while stocks last)

**Knusprige ganze Schweinshaxe aus dem Ofen** 20,90  
Crispy pork knuckle fresh from the oven in a dark beer gravy served  
with two potato dumplings and German coleslaw

**Ofenfrischer Schweinekrustenbraten** 16,50  
Oven fresh roast pork (shoulder cut) in dark beer gravy served  
with two potato dumplings and German coleslaw

## Schweinekrustenbraten & Schweinshaxe

Lehners favorites – traditional dishes and true classics of a Wirtshaus!

Our pork crust roast, the piece of pork shoulder – only rubbed with salt and pepper – is cooked overnight in the oven at low temperature and thus gently until the meat is soft. To get the crust also nice and crispy, we add heat. This process is called suitable “krusten”.

The pork knuckle – served at Lehners as a whole knuckle – is based on the same principle as the prepared pork crust roast. It even takes a bit longer in the oven and for the “krusten” we take more time to give you a really nice crust.
